Official Advisory: Citizen Guide: Reporting Incidents via 1930 and cybercrime.gov.in

National Cybercrime Reporting Infrastructure

The Ministry of Home Affairs (MHA), through the Indian Cybercrime Coordination Centre (I4C), manages the National Cybercrime Reporting Portal (cybercrime.gov.in) and the national toll-free helpline 1930 (Citizen Financial Cyber Fraud Reporting and Management System - CFCFRMS).

How CFCFRMS Works to Prevent Fund Loss

When a victim calls 1930 immediately following an unauthorized debit, the operator enters details into the CFCFRMS dashboard. The system automatically fires API alerts to the origin bank, intermediate payment aggregators, and beneficiary banks. Beneficiary banks freeze the stolen funds on a real-time basis, preventing fraudsters from withdrawing cash via ATMs or diverting funds to crypto exchanges.

Required Information for Lodging a Complaint

When registering a complaint on 1930 or cybercrime.gov.in, keep the following records ready:

1. Victim Name, mobile number, and bank account number.
2. Exact date, timestamp, and amount of fraudulent debit.
3. Transaction Reference Number (UTR / RRN) and SMS alert received from the bank.
4. Beneficiary account details (account number, IFSC, or fraudster UPI ID).
5. Supporting evidence: screenshots of fraudulent chat/SMS, caller phone numbers, phishing URLs.

Acknowledgment and Police Escalation

Upon registration, a unique Acknowledgement Number (Complaint ID) is generated and sent to the victim via SMS. The case is automatically routed to the State Cyber Cell and local police station for formal FIR registration and judicial recovery.

Citizen Action Checklist & Red Flags

- **Verify Sender Identity:** Always check official website addresses and header IDs (e.g., VM-SBI, AX-HDFC). Scammers use fake sender masks.
- **Never Share Authentication Secrets:** Passwords, OTPs, UPI PINs, and debit card CVVs are strictly confidential. Bank staff will NEVER ask for them.
- **Independent Verification:** If you receive a threat or alert about an account freeze, call the official bank branch number found on your physical card or bank statement.
- **Immediate Reporting:** Report cyber financial fraud within the Golden Hour by calling 1930 or visiting cybercrime.gov.in.

Frequently Asked Questions (Regulatory Clarifications)

Q1: Can money be deposited into my bank account by entering my UPI PIN?

A: No. A UPI PIN is solely an authorization to debit funds from your linked bank account. Receiving funds requires NO authentication or PIN entry.

Q2: What is the first action to take if money is fraudulently deducted?

A: Dial 1930 immediately to register the complaint on the Indian Cybercrime Coordination Centre (I4C) CFCFRMS portal so that the beneficiary account can be frozen before funds are withdrawn.

Q3: What should I do if an unknown caller threatens me with a police arrest over video call?

A: Disconnect immediately. Indian police and law enforcement agencies never issue summons, conduct investigations, or place citizens under 'Digital Arrest' via video calls.

Official Notice & Legal Status: This document is compiled for the ScamShield AI Knowledge Base from authentic public circulars, advisories, and directives issued by regulatory and enforcement authorities in India (including RBI, NPCI, I4C, MHA, SEBI, CERT-In, and DoT). All citizen rights, statutory duties, and liability ceilings are governed by relevant acts including the Information Technology Act 2000 and RBI Customer Protection Directives.
